About

I'm a web developer with 5 years' experience. I work on projects as a Front-End and Back-End developer. as a Front-End developer, I'm fluent in HTML, CSS, Bootstrap, SCSS, Javascript, jQuery, Vuejs, and as a Back-End developer, I'm fluent in PHP, WordPress, and Laravel. I have experience with implemented panels by Vuejs and by Laravel and Blade also I have experience with WordPress that I implement custom themes with that and I can convert an Xd, PSD, or Figma design to a WordPress website. because of working with a lot of teams, I can work with Trello and Git, I like mountaineering that's why I go to the mount every week. Responsibility is my most important characteristic.
